Dear OSCM Journal Editors,

Please find my paper for evaluation and possible publication in OSCM : an International Journal. By this e-mail, I also declared that the paper is not yet published in any other journals and or submitted simultaneously elsewhere.

Thank you very much to your kind attention and I look forward to hearing good news from You.

Sincerely yours,

Agung Sutrisno

Dear Sir,

The manuscript entitled "**Improvement Strategy Selection based on FMEA – Initial Survey and New Research Opportunities**" submitted to Operations and Supply Chain Management: An International Journal has been reviewed and we recommended you to revise the paper before it can be accepted for publication. I am attaching the referee's comments which you should respond when revising your paper. When submitting the revised paper, please include a separate sheet explaining how you respond each comment.

As an editor, I also encourage you to use some references from our journal. Please go to <http://journal.oscm-forum.org> to find some suitable reference.

Sincerely,

—

Subject: Re: Revised Paper submission to OSCM Journal

Dear Pak Agung,

Based on our evaluation we are glad to inform you that your paper can now be accepted for publication in Operations and Supply Chain Management: An International Journal. Please send me the final paper as soon as possible with the biography of each author at the end of the paper.

In the final paper please make sure that you have checked that all references that you use in the paper are listed in the reference list. Also, the style of writing references should follow our style, that is, not using Vol. X, No. Y, pp. ww- zz but X (Y), pp. ww - zz. I am also attaching my own paper that I guess could be used as a reference because it is using something like modified FMEA for supply chain risk. But if it does not fit your paper, you do not need to include it.

Please send the revised paper as soon as possible.

Best regards,
Nyoman Pujawan
