2. Please describe the research methods in more detail (to the maximum of your ability).

3. Please describe you Results: Now that you have explained how you gathered your research, you are to report what you actually found. In this section, taking no more than 4 pages, outline the main findings of your research. You need not include too many details, particularly if you are using tables and figures. While writing this section use the smallest number of words necessary to convey your statistics. Use appendices or supplementary materials if you have too much data.

4. Clarify the scope of the article results.

5. Limitations and Study Forward: The author should discuss the limitations of this study. And also present future scope or plan of the study.

The English language of the paper needs academic editing and proofreading. We recommend that the authors use the academic text editing service for the scientific articles, but not just proofreading. Please use the American English option.  
We recommend the use of large, trusted companies with editors having a Ph.D. degree.  
You should also attach an editing certificate or use the editorial office services.  
Articles that are not edited by native English speakers are not allowed for publication.  
The editorial team provides academic proofreading services for the authors at additional cost - EUR 100 .

Majority of the cost of publication is funded by Article Publication Charges (APCs) paid by authors or their institutes. APCs allow for articles to be made freely available Open Access (OA) to all readers, anywhere in the world. Journal of Southwest Jiaotong University journal is OA.  
The APC is Euros 300/USD 340.00. This APC has to be paid after submitted paper is reviewed and accepted for publishing.
