Dear authors,

This year a certain number from the scientific papers presented at Congress, will be included into a special Congress volume, which will be subjected to Clarivate evaluation, for being indexed into ISI database.

In this volume will be included only those papers which are focused on research and which belongs to life sciences (without tourism, geography, pedagogy, economy etc.).

The persons who want to publish in this volume are kindly asked to review the paper, the check the English translation and spell-proof and to reorder the paper on a new template (see the attachment in the message).

These scientific papers will not be published in the future numbers of *Lucrări Științifice - Seria Zootehnie*.

We will wait your papers on this corresponding address till Wednesday, 25 of September 2019.
