Dear Authors,

Congratulations! Your manuscript has been published in Fermentation.

Thank you for choosing our journal. Your article is already available, open access, to everyone free of charge via the journal website. Promoting your work is an important part of the post-publication process which will increase the visibility, impact and citation of your work. We encourage you to promote and share your article widely.

We have some tips about what you can do to promote your article here:

<https://www.mdpi.com/authors/promoting>

To promote discoverability, views and downloads, you can:

(1) Social Media

- Share your article on various social networks, such as Facebook, LinkedIn, Mendeley and Twitter by clicking the link on the webpage of your article. Tagging @MDPIOpenAccess as well as key people in your field might lead to retweets: Your publication may become viral on social media!
- Send a short text (up to 200 characters) to the MDPI assistant editor who was your contact for the publication of your manuscript, who will then post it on the journal Twitter account.
- Write a blog post to explain the meaning and possible outcomes of your research. This will lead to higher engagement of your research community. Ask your institution or society to post your paper on their social media

accounts and to include a story about your paper in their newsletters.

(2) Link Share

- Share the article link directly with colleagues and peers in your field.
- Add a link to your article in your email signature.
- Update your personal and institutional websites by adding the title of your article and a link to it.

(3) Academic Research-sharing Platforms

- Set up your profile on academic research-sharing platforms, such as SciProfiles, ResearchGate, Academia.edu or Google Scholar, and add a short summary of your article.
- Register an ORCID author identifier and add the article information to your profile.
- Deposit your article in repositories (such as those run by your university) to make your research more discoverable.

(4) Conferences

- Present your publication at conferences in the form of a presentation or a poster. You may participate in conferences relevant for your field organized by MDPI on Sciforum.net.

Please keep up with any journal updates and news via our twitter account (https://twitter.com/Ferment_MDPI) or LinkedIn page (<https://www.linkedin.com/company/76270919/admin/>). Find out more about MDPI on our website: <https://www.mdpi.com/about>.

Keep in touch!

Kind regards,

Fermentation Editorial Office

Dear Authors,

We are pleased to inform you that your article "Predictive Microbial Community and Functional Gene Expression Profiles in Pineapple Peel Fermentation Using 16S rRNA Gene Sequences" has been published in Fermentation and is available online:

Abstract: <https://www.mdpi.com/2311-5637/8/5/194>

PDF Version: <https://www.mdpi.com/2311-5637/8/5/194/pdf>

The meta data of your article, the manuscript files and a publication certificate are available here (only available to corresponding authors after login):

https://susy.mdpi.com/user/manuscripts/review_info/8e0178d2063ec934aad95cb24307042b

Please take a moment to check that everything is correct. You can reply to this email if there is a problem. If any errors are noticed, please note that all authors must follow MDPI's policy on updating published papers, found here: <https://www.mdpi.com/ethics#16>.

To encourage open scientific discussions and increase the visibility of published articles, MDPI recently implemented interactive commenting and recommendation functionalities on all article webpages (side bar on the right). We encourage you to forward the article link to your colleagues and peers.

We encourage you to set up your profile at www.SciProfiles.com, MDPI's researcher network platform. Articles you publish with MDPI will be linked to your SciProfiles page, where colleagues and peers will be able to see all of your publications, citations, as well as your other academic contributions. Please also feel free to send us feedback on the platform that we can improve it quickly and make it useful for scientific communities.

You can also share the paper on various social networks by clicking the links on the article webpage. Alternatively, our Editorial Office can post an announcement of your article on our Twitter channel, please send us a text of up to 200 characters with spaces. Please note that our service Scitations.net will automatically notify authors cited in your article. For further paper promotion guidelines, please refer to the following link: <https://www.mdpi.com/authors/promoting>.

We would be happy to keep you updated about new issue releases of fermentation. Please enter your e-mail address in the box at <https://www.mdpi.com/journal/fermentation/toc-alert/> to receive notifications. After issue release, a version of your paper including the issue cover will be available to download from the article abstract page.

To order high quality reprints of your article in quantities of 25-1000, visit: <https://www.mdpi.com/2311-5637/8/5/194/reprints>

We support the multidisciplinary preprint platform /Preprints/, which permanently archives full text documents and datasets of working papers in all subject areas. Posting on the platform is entirely free of charge, and full details can be viewed at <http://www.preprints.org>.

We are dedicated to providing an outstanding publishing service, and we invite you to complete our author satisfaction survey <https://www.surveymonkey.com/r/authorfeedbackmdpi>. The survey contains 20 short questions and will only take a couple of minutes to complete.

To help us improve our English editing service, provided as part of MDPI's editorial process, please take a few minutes to participate in the following survey: <https://www.surveymonkey.com/r/DCNXBW7> (for English editing service).

Thank you for choosing Fermentation to publish your work, we look forward to receiving further contributions from your research group in the future.

Kind regards,

--
