Revised Version Received**

Dear Dr. Emran,

https://susy.mdpi.com/user/manuscripts/review_info/5efb0d9549aa2781bfb120e364d0dda5

We will now edit and finalize your paper, which will then be returned to you for your approval. Within the next couple of days, an invoice concerning the article processing charge (APC) for publication in this open access journal will be sent by email from the Editorial Office in Basel, Switzerland.

If, however, extensive English edits are required to your manuscript, we will need to return the paper requesting improvements throughout.

We encourage you to set up your profile at [Co:Profiles.com](https://orcid.org) MDPI

[Antibiotics] Manuscript ID: antibiotics-1436333 - Accepted for Publication

Dear Dr. Emran,

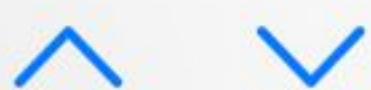

Congratulations on the acceptance of your manuscript, and thank you for your interest in submitting your work to Antibiotics:

Manuscript ID: antibiotics-1436333

Type of manuscript: Article

Title: In Silico and In Vitro Evaluation of the Antimicrobial Potential of Bacillus cereus Isolated from Apis dorsata Gut against Neisseria gonorrhoeae

researcher network platform. Articles you publish with MDPI will be linked to

your SciProfiles page, where colleagues and peers will be able to see all of your publications, citations, as well as other academic contributions.

We also invite you to contribute to Encyclopedia (<https://encyclopedia.pub>),

a scholarly platform providing accurate information about the latest research

results. You can adapt parts of your paper to provide valuable reference information, via Encyclopedia, for others both within the field and beyond.

Kind regards,
Nicholas Dixon
Editor-in-Chief
