Dear Sesilia:

I send you the decision of the Journal with respect to the manuscript. I think that these commentaries are solvable. The reviewer 2 asked us about the *Ralstonia* study and for photographs of the pods... Could you review these aspects?. I will change the rest.

We are in contact.

Best regards.

Dear Dr. Snezana Drinic:

We are sending the revised manuscript titled "Agro-morphological and chemical characterization of traditional Indonesian peanut cultivars" (GEN2172018) to be reconsidered for publication in Genetika. We agree with the reviewers' suggestions for improving the paper and all the changes have been made. Thanking
