Dear Nelly,

Effect of Eel and Tempe Composite Flour Supplementation on the Nutritional Status Biomarkers of Rats with a Restricted Protein Diet: A Preclinical Trial Data  
[Mentang F, Taher N, Nurkolis F, Gunawan WB, Yusuf VM, Sabrina N, Samtiya M, Mayulu N et al.](#)

Thank you for your submission to F1000Research. We have noted a few issues with your manuscript (below) – once these are addressed we will be pleased to accept your article for publication.

**Content:** We endorse the [ARRIVE](#) guidelines for reporting research involving animals; we suggest that you ensure the article adheres to the checklist, but these are not exhaustive. The comments in the manuscript provide some queries relating to the checklist, but these are not exhaustive.

**Reviewers:** As you know, F1000Research operates an author-driven publication model. This means that you will be responsible for suggesting suitable reviewers, whom we invite on your behalf, giving you an opportunity to ensure that appropriate experts review your article. Our transparent peer review process means that the peer review reports, together with the reviewers' names, will be published alongside your article.

To avoid delay to the publication process, we need you to provide us with at least five potential reviewers who meet our reviewer criteria before we can publish your article - please be aware that it is likely we will need to request further reviewer suggestions after publication. Please go to your [Suggest Reviewers](#) page, where you will find a useful tool to help you find reviewers; use this page to track the progress of the peer review process for your article. You can access this page directly via the article's record under My Research >> Submissions. See also our [reviewer criteria and tips for finding reviewers](#).

Please remember that suggested reviewers should have appropriate level of experience and the right expertise to judge your article; they must be able to provide an unbiased report (e.g. they must not be recent collaborators or colleagues in your institute). All reviewer suggestions are checked by the editorial team and will be rejected if they do not meet our criteria.

**Payment:** As F1000Research is open access, we will require payment of the Article Processing Charge (APC) to be able to complete the processing of your submission. The APC is \$900.00 (ex. VAT) after any discounts you are eligible for have been applied. **Please provide us with the details of the individual/organization taking responsibility for paying the fee as soon as possible.** Please sign in with the credentials you used to submit the article or you will not be able to access this page. Our Accounts department will be in touch regarding payment.

We have also lightly copyedited your article - please [download the document](#) and check you are happy with the amendments and **then address the queries detailed above using track changes in Word. Please return your revised manuscript to the e-mail address above.** Please note that this is your final opportunity to make any changes to the content of your manuscript. Once the typeset PDF of your manuscript has been created, we will send you a final PDF proof for checking prior to publication.

Please respond to this email within two weeks addressing any issues raised. After two weeks, we will send you a reminder email to complete your revisions. If we do not hear from you within seven weeks your submission will be withdrawn. If you have any questions, please do let me know.

Thanks and best wishes,

Kitty

Mentang F, Taher N, Nurkolis F, Gunawan WB, Yusuf VM, Sabrina N, Qhabibi FR, Mayulu N *et al.*  
We have now accepted your article for publication in F1000Research. It will be sent to the typesetters and a member of the Production team will send you a proof in due course.  
As we have not heard back from you regarding the details about who is responsible for the APC payment for this article, we have defaulted to your details as the submitting author. If this is not correct please contact our [Accounts department](#).  
If you are yet to suggest reviewers for your article please note that your article will only be published once you have suggested 5 suitable reviewers who meet our reviewer criteria. Please do not contact your suggested reviewers, as this has the potential to influence and invalidate their review. Our editorial team will contact any suitable reviewers on your behalf and will be your main contact once your article has been published.  
Best wishes,  
Kitty
