Subject: the review for the paper of Taher et al - Optimization and characterization of edible film composite of k-karagenan ...

Dear Professor Pratasik,

I am sending you the full review for this paper. The English needs some improvements. We already did a few corrections and significant editing work.

As usual, for addressing the comments, the authors need to work only in the attached document and to highlight their changes.

Concerning the processing fee, it will be 250 USD instead of 300 USD because we accomplished the review in more than 4 weeks. You already know the variants of payment. After it is done, kindly send me a scan copy of the bank document.

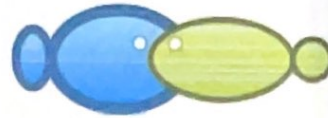

Thank you very much!

Cordially yours,
Claudiu Gavriolaie
